

## Berger Extracts

Doreen Berger has analysed the Jewish Newspapers for the period 1861 – 1880 and produced two books.

These books show entries for individuals and, more importantly, list other entries to whom they are connected.

The two books are:-

**THE JEWISH VICTORIAN: Genealogical Information from the Jewish Newspapers 1861-1870.**

*ISBN: 1 899536 72 8*

**THE JEWISH VICTORIAN: Genealogical Information from the Jewish Newspapers 1871-1880.**

*ISBN: 1 899536 38 8*

Both are published by

Robert Boyd Publications, 260 Colwell Drive, Witney, Oxfordshire, OX28 5LW

For copyright reasons I cannot reproduce scans of the actual entries but I have put together a partial transcript along with a family tree based on the information in the entries.

If you want to appreciate just how much work Doreen has put into her two books the just try typing up the extracts, that is no quick task in itself and Doreen has done thousands of these and made the genealogical connections as well!

This is a typical entry:-

The actual entry in the newspaper refers to Rachel Jacobs on the occasion of her marrying John Levi.

The names listed below Rachel are those that Doreen Berger has determined are related or connected in some way to Rachel Jacobs based on other entries in the book. Where possible Doreen has attributed the family relationship but I have erred on the side of caution and omitted these in case it breaches copyright.

Maiden Name has been added by me.

Custom ID identifies the individual in the Jacobs database

Volume and Page identify where the original entry can be found in Doreen's books.

Event is the event that was referred to in the newspaper article.

There is sometimes some ambiguity regarding the date column. On some occasions it appears to relate to the date the item was published and sometimes to the event itself. It depends on what was in the original newspaper entry.

Comments in brackets are my own additions/corrections.

The column 'Maiden Name' has also been added by me.

Whilst I have tried to be accurate in the transcripts I would always recommend consulting either Doreen's books or the original newspaper entries before making any firm conclusions.
